fused sounds which so rapidly sank away that it appeared as if the voices of those below had failed them, and their utterance had suddenly been choked.

IN A DREAM. I have said that I was thrown into a ed. dream. That is the best expression I can use to describe the effect produced upon me by being suddenly ushered into that new world. Like persons and objects in a dream, so seemed everything below—the Fair Grounds and the multitude, the city, the roads, fields, streams, lakes, forests—everything! The whole face of the earth was at once reduced to miniature, as if by some powerful genit in a vision.

We had by this time gotten so far if by some powerful genit in a vision.

We had by this time gotten so far above the clouds that they appeared if you do not run and catch the rope, duick," shouted Professor Kfug.

They did not seem to take in his meaning at first, so transfixed were they with wonder.

We had by this time gotten so far above the clouds that they appeared above the clouds that they appeared of feet away. The performance continued until the sand and gravel were was struck which spouted to make it is not married." Uprose, in wrath, again the materialist: "Sir, this is shameful, and I repudiste your insomething as they with wonder.

"If you do not run and catch the rope, quick," shouted Professor Kfug.

"They did not seem to take in his meaning at first, so transfixed were they with wonder.

"If you do not run and catch the rope, quick," shouted Professor Kfug.

"They did not seem to take in his shameful, and I repudiste your insomething as hen's eggs, and sending every body flying hundreds of feet away. The performance continued until the sand and gravel were six inches deep within a radius of one was at like they with a woman to whom he is not married." Uprose, in wrath, again the materialist: "Sir, this is shameful, and I repudiste your charge. I defy you to substantiate your charge. I was married to my wife twenty years was at once reduced to miniature, as sympathy.

"They did not seem to take in his shameful, and I repudiste your charge. I defy you to substantiate your charge. I was married to my wife twenty years with a woman to whom he is not married." Uprose, in wrath, again the materialist. "Sir, this is shameful, and I repudiste your as he is not married." They did not seem to take in his shameful, and I repudiste your as he is not marr and objects in a dream, so seemed evthe earth moved from beneath us softly and almost imperceptibly.

obscuring the sky appear dome-like.

"Now we will put out the dragrope," said Professor King.

So, carefully, coil after coil was paid
out, the utmost care being taken to
prevent its getting into a tangle, until
250 feet hung suspended beneath our
basket. Whist this preparation was
being made, the Professor softly hunmed a tune; and I will mention the

A Detailed and Interesting Discription of the Voyage.

The Beacon Reporter, who accompanied Professor King in his serial voyage from the Fair Grounds in Akron, on the 9th inst., gives an interesting and minute description of the affair, from which we copy the following:

New the Cloud Nymph went Skyward.

The Prof. King's Ascension from Akron.

The Prof. King's Ascension from the teles. Just before we came to what we went to what the cloud plain seemed to rise up and soon we were enveloped in what looked up all the loow on the heipless, sorrow-stricken mother. Noo the helpless, sorrow-stricken there. Noo the helpless, sorrow-stricken there. Noo the helpless, sorrow-stricken there.

The Prof. King is the cloud plain seemed to rise up and soon we were enveloped in what looked up along, it this down the follow in the shocking charge passed from the hollow on the helpless, sorrow-stricken there. Noo the helpless, sorrow-stricken there.

The Prof. The Help was and the public of the help was complete. There was

Cloud Nymph rose in majesty, and as the wind whistled through the netting it swayed its amazon proportions to and fro like a huge bird ready to take wing. My friends who could reach me in the dense crowd came around to bid me good bye, and the to be to b

Oh, that I had the power to describe so that they could be apprehended, the emotions produced by such an entrance into a realm of mystery. The friends we had left, Akron and all things earthly seemed a thousand miles away, and we might have started in the last century so far as the completeness of feeling that we were entirely severed from them was concerned.

A Materialistic lecturer and a city missionary met the other day in English of the other day in English of the other day in English of the concerned of the other day in English of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the concerned of the places where sportsmen gathems of the places where sportsmen gath audieuce seemed enchanted. Then arose the city missionary and said: Some well-borers near Odell, Illi-Ladies and gentlemen, it is a matter nois, are profane enough to report of regret to me that I have to engage that they have tapped hell, and are in a discussion with a man of fore we entered them. To one on going so fast," shorted the Professor.

By this time the sky appear dome-like.

By this time the stuation, and made obscuring the sky appear dome-like.

By this time to my who twenty years ago, and we have lived happity to be sky inches deep within a radius of one going so fast," shorted the Professor.

By this time to my who twenty years ago, and we have lived happity to be sky inches deep within a radius of one going so fast," shorted the Professor.

By this time the sky appear dome-like.

PRIVATE ADTICE TO YOUNG MEN. Don't be too sudden about it. Many a giri has said 'no,' when she meant 'yes' simply because her lover didn't choose the right time and pop the qustion

Take a dark night for it. Have the blinds closed, the curtains down, and the lamp turned most out. Sit near enough to her so that you can hook

'I was thinking as I came up the path to-night, that before I went away I—I would ask you—that is, I would broach the subject nearest my-I mean

I would know my—"
Stop again and give her hand a gentle squeeze. She may give her hand a yank to get it away, or she may not,

Hold on -there's no harry about it.

AGRICULTURAL FAIRS. There can be no doubt that the town and county fairs have, as an average, was the "State Road."

LOWER AND LOWER

sank the Cloud Nymph, until the selves fully in the eyes of the public.

But the calumniator had done his be looks around the gills," became so frequent as to be discouragingly monotonous. Just before the start, at the last moment, some well meaning but nervous old gentleman, who had a rather rich brogue, caught me by out nervous of genueman, who had a rather rich brogue, caught me by what is your name?" What is your name?" The man looked up, caught one liy we were waited over the tree tops the arm and in trembling accents said: "Young man, let me advise ye while dimpered to the balloon, and, without answering our repeated abouts, can off ye have a chance, to get out of thefe!" But, thank tortune—I didn't,

THE START

From the earthly standpoint the ascension has already been vivilly descension of the terms of the view. The drag-rope was trailing for at least fifty feet, and a peculiar time.

I heard Professor King saying a few words to the crowd whilst I was arrainging some things in the bottom of the basket. I saw him with this kuife in hand, and I therefore gathered up the Beacon billets ready to throw as soon as we started, as it was expected we would rise rapidly.

Shap!

"And I therefore a control the loss of his boy and a few words to the crowd whilst I was arrainging some things in the bottom of the beacon billets ready to throw as soon as we started, as it was expected we would rise rapidly.

Shap!

"And I therefore gathered up the word and of a telescope to the view of the carry in ow we were bathed in a flood of radiant sunshine. A way, as far as the eye could reach, way, as far as the eye could reach, way, as far as the eye could reach, way as far as the eye could reach, way, a Encouraging the breeding of horses, is it? Yes, but wherefore?
